

Glow in the Dark

Let's get spooky

Ink which glows in the dark once charged by light.

Why use this effect?

- Ideal for differentiated promotions.
- Perfect for achieving impact in cinemas, bars and nightclubs.
- Great for supporting fun and innovative brand values.

Important things to know

- The glow effect is achieved by adding one or more elements to a design using a special ink which glows in a dark environment. Once charged, inks will glow in the dark for a few minutes.
- Glow in the dark is available in one color.
- The glow effect is available on all can sizes.
- Elements created using glow in the dark ink should be placed in the main body of the can.
- We recommend design ideas are submitted to ensure the final artwork is feasible.*
- Compatible with cold-fill and pasteurization processes up to 82°C but not for retort.

Don't forget

- Lead Time: 6 weeks from artwork approval
- Minimum Order Quantity: 1 million units
